HOBBIES

Hello!

I'm a 3D Artist with professional experience ranging from commercials to video games. My focus has been creating 3D art assets, but I also enjoy traditional art and motion graphics. A position that allows me to flex my generalist skillset is where I thrive best, as I love taking a project all the way from concept to final deliverable!

Job Experience

Rivian/ Lead Visualization Designer

12/2023 - current

- conceptualized and defined visuals for drive mode cel-shaded art, translating 2D concepts into CG scenes inside of UE for in-vehicle use
- modeled 3D assets, created 2D flat art, rendered marketing images, optimized UE scenes and art, responsible for shaders & blueprints & fx

ILM Immersive/ Concept & Environment Artist

4/2022- 6/2023

- created Star Wars marketing art assets (2D and 3D images & video) using Unreal Engine and Adobe Creative Suite
- assisted the art department with development of Disney Studios IP VR & AR experiences (previz, layout, modeling, lighting)

Epic Games/ Creative Screenshot Lead

4/2019- 4/2022

- created Fortnite marketing images and loading screens inside Unreal Engine, creating new CG art assets and materials as needed
- mentored and managed junior artists working on images for Fortnite Creative, reviewing work and providing training

Booz Allen Hamilton/ Lead Artist

3/2018- 4/2019

- modeled, textured, rigged, and animated photorealistic hard surface and organic game assets for VR training sims
- managed other artists on team to ensure standards and deadlines were met

adidas Group/ 3D Artist

4/2016- 12/2017

- created photorealistic CG models of footwear for web and commercial use
- worked with multiple departments to ensure brand accuracy
- assisted with internal product breakdown animations
